Librarian's Report

Privacy and noise reduction screens have been added to the computer area. Patrons have thanked staff for the addition as they feel more comfortable taking care of financial business with some privacy. The noise reduction aspect is hopeful to help with youths at the computers.

Pinnacle Glass has fixed the handicap door out to the courtyard. I accepted their proposal of \$4350 to get the door back up and running so we are in compliance with ADA.

Hoopla has been added to our digital resources. It is a collection of ebooks, audiobooks, tv shows, movies, magazines, and other material for patrons to digitally check out using their library card. This has been an interest of patrons for some time now and we are excited to now have it available!

I met Benjamin Mendenhall with Centennial State Liquid Investment Pool. This could be something the Board considers in the future. I also met with the New York Times a few weeks ago about adding a digital subscription to our collection for patrons. I have had several patrons inquire about this.

Library Director,
Kristina Selby
